8. Click *Download*.

- You will see a "Opening<title>.zip"
- Which is a: Binary File
- Cancel or Save File

9. Select *Save File*.

- A download box opens with the file listed after the download is complete.

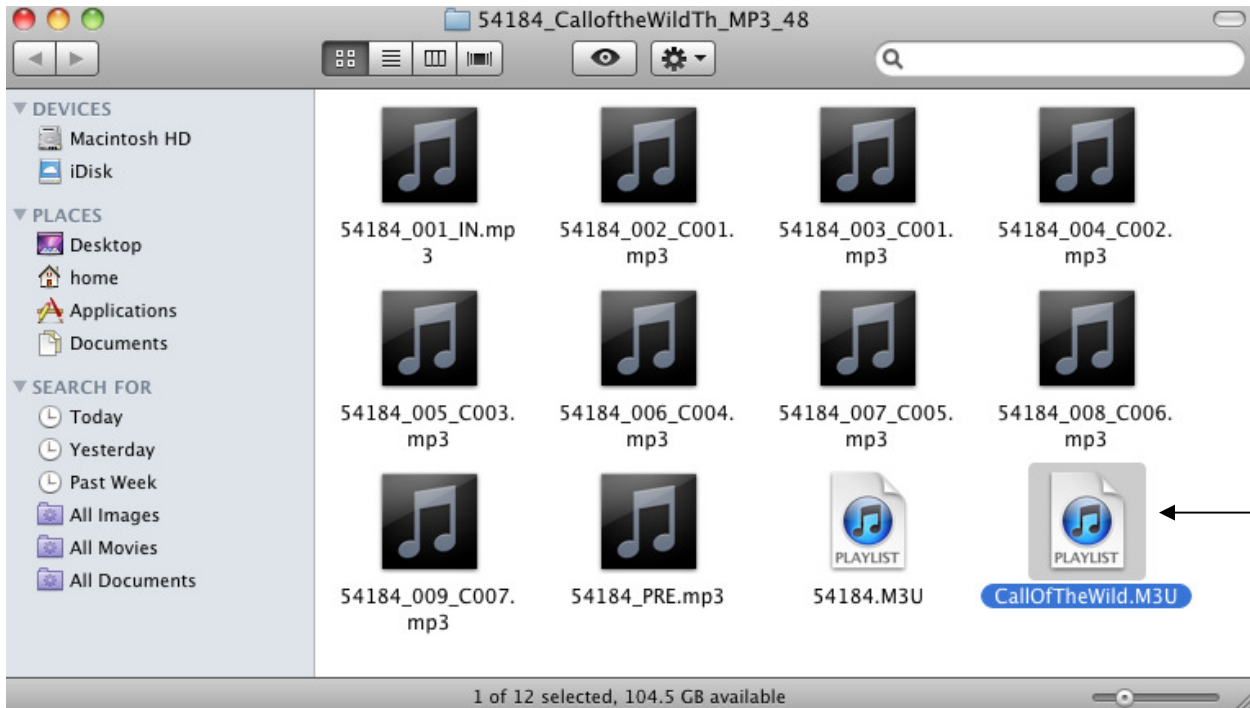

10. Double-click on the .zip file.

- Archive Utility runs and creates a Download folder.

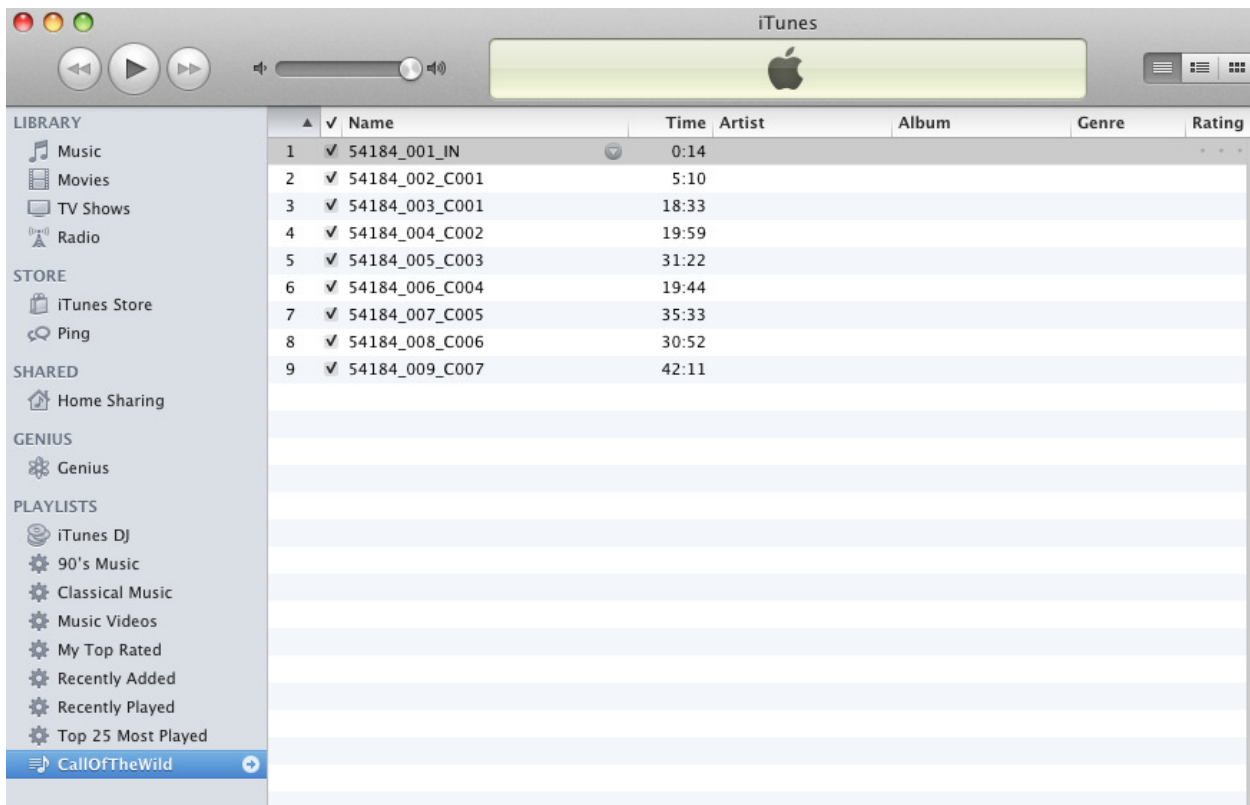

11. Click and drag the folder with the title to the desktop.

12. Minimize your browser.

13. Open the folder and double-click on the M3U file sharing the name of the title.

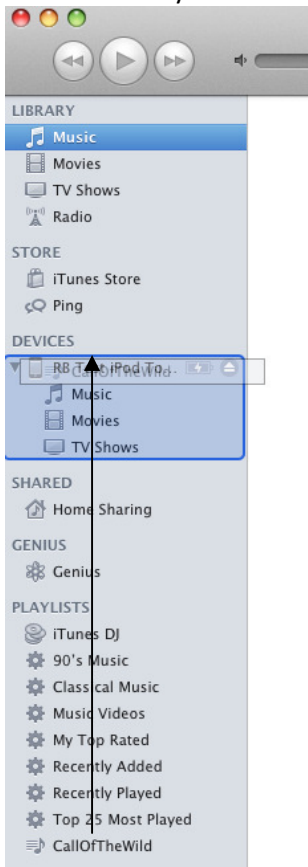

14. The iTunes program will open, and a playlist with all tracks of the audiobook will be created. The title can now be played locally on your Mac.

Transferring to Your Device

15. Verify that your Apple device is connected. Click on the playlist and, while holding down the left button of your mouse, drag and drop the folder onto your device.

16. Allow the sync with your device to complete.
17. Disconnect your device. The title is now ready to be enjoyed.
