

Research (From published sources; citations provided.)

Academic Search

Go here for full text journal articles. Set up a search or journal alert and get e-mailed when new info is available. Updated daily.

AccessScience

Articles from the latest edition of the McGraw-Hill Encyclopedia of Science & Technology, Research Updates, biographies, and more.

Encyclopedia of Philosophy

For Math, especially strong in logic. This is the award-winning, 2nd edition, published by Macmillan in 2006. More than 2100 entries.

Science Online

Presents a broad range of Math topics through extensive definitions, essays, diagrams, activities, biographies, timelines, and videos.

Tutoring & Test Prep

Brainfuse

Live Tutoring, Online Homework Help and Skill Building, in English or Spanish. 7 days a week, from 1:00pm – 10:00pm for free.

- **Homework Help:** Submit a question and receive live, one-on-one assistance.
- **Skill-Building:** Master a concept or skill through online lessons, presented by Brainfuse tutors in one-on-one sessions.
- **Test Center:** Take practice standardized tests (SAT, ACT, and more) and practice subject specific tests. Get results instantly and, if you choose, share them with a tutor for a targeted skills building session.
- **24/7 Help Center:** Submit questions (and even attach supporting documents) via the online form and a tutor will respond within 24 hours.

LearningExpress

More than 60 tests relating to Math. Skills improvement tests from Basic Math to Trig. Practice tests and some prep courses for the ACT, AP Calculus AB, GED, PSAT/NMSQT, and the SAT. More than 25 eBooks on Math skills and test prep.
